

Release notes 1.13.10

January 2018

All users

- Options for 'Black British' and 'Asian British' have now been added to all ethnicity fields.

All practitioners

- Family surnames are now visible in the case name (for internal use only).
- Practitioners can now find all the contact information for a family case in the new 'Contact information' tab on the 'Case management' page.

Commissioning practitioners

- The 'Search foster carers' page has been updated for commissioning practitioners, displaying additional information regarding the placement offered.
- Practitioners can filter the 'Search foster carers page' by child gender supported.
- Two new fields have been added to the 'Placement considerations' section of all commissioning profiles, a field for 'Weapon possession' and a field for 'Gang involvement'.

Placement providers

- Practitioners can now add information regarding a regular work schedule to foster carer profiles.
- Practitioners / foster carers can now indicate the gender of children to whom foster carer placements are available on the foster carer profile.
- Practitioners can now add information regarding 'Current supervising social worker' and 'Previous supervising social workers' to foster carer cases.
- Practitioners can now add optional information regarding 'Skill level' and 'Training' to foster carer profiles, and the 'Skills and experience' section has been refined.

If you have any questions, suggestions or concerns, please don't hesitate to get in touch via our [contact page](#), or call our support team on 0843 886 0040.
