

Release notes 1.13.14 and 1.13.15

April 2018

All users

- Design and functionality improvements have been made to the filters on all search pages. No filters have been removed, although some filters have been moved to the 'Advanced filters' section.
- Fixed a bug with emails sent to users not yet activated.
- Fixed a bug with duplicated alerts.
- Fixed a bug with system time out.

Adoption practitioners

- Added a feature allowing adoption practitioners within the same organisation or Regional Adoption Agency to communicate prior to an enquiry.
- Added the option to specify excluded areas when searching for adopters.

Placement providers

- Practitioners from Independent Fostering Providers now have access to a search page of all foster carers from their organisation.

Commissioning practitioners

- Added the option to specify excluded areas when searching for foster carers or residential homes.

If you have any questions, suggestions or concerns, please don't hesitate to get in touch via our [contact page](#), or call our support team on 0843 886 0040.
